

# Chenega Analytic Business Solutions, LLC

Administrative, IT, & Training for Federal Government

## Who We Are

Chenega Analytic Business Solutions provides administrative, IT, and training professional services for a comprehensive, integrated data solution.

As an 8(a) Alaska Native Corporation, our superior capabilities, accelerated acquisition process, non-protestable procurements, reach-back to technical SMEs, programmatic best practices, and our competitive rates offer federal customers an unparalleled opportunity for mission success.

## Records Management and Administrative Services

Sound administrative management relies on proper documentation and accountability integrated with transformative technology. The retention of historical records is essential to the growth and development of future processes and policies. We offer our customers answers for their assets, not complications. We provide physical storage, paper and ID card processing, FOIA support, e-records digitization, and retention disposition action, all while ensuring customers their migration is secure.

## Information Technology

We provide a comprehensive IT portfolio that integrates: enterprise IT, software engineering, software development, multimedia services, video production, systems engineering, cloud computing, data aggregation, cybersecurity, help desk, and actionable insights.

## Training

We offer a full-lifecycle training capability encompassing curriculum development; in-classroom, virtual, and distance learning; e-learning, staff augmentation, English language training, administrative services, and simulation education and training delivery analysis.
