

## Dear Chenega Invitational Supporter;

Happy New Year!! When we look back at 2022 and recall a year filled with continued social and political unrest triggered by a horrific pandemic that has affected each one of us in some measure, we will certainly breathe a sigh of relief, knowing that, with God's grace, we've managed to come through what appears to be the worst of it. I think the key to keeping one's sanity is to embrace routine and find something in your event horizon that gives you a tangible purpose to look forward to.

In that spirit, we are already planning and executing the 17th Annual Chenega Invitational to benefit Vigilant Torch Association (VTA) ([www.vigilant-torch.org](http://www.vigilant-torch.org)) and the Los Charros Foundation (LCF) ([www.loscharrosfoundation.org](http://www.loscharrosfoundation.org)). We always appreciate an opportunity to give back to those less fortunate and have decided, this year, to extend our philanthropic reach. We will now be serving both our Nation's warriors who may be struggling due to their service to our country, as well as the future of America in an underserved community. The LCF gives back to our nation's youth who are pursuing careers post high school in many fields including; agriculture, education, and trades. Many of these fields are quickly dwindling, though they are a crucial part of our everyday lives. Having lived, worked, and grown up within these underserved communities, the founders of the LCF decided the best way to support these communities is by assisting youth through academic as well as 4-H and Future Farmers of America (FFA) animal project scholarships. With a focus on leadership, education, and agriculture, they strive to assist and provide opportunities to youth who otherwise would not have the same chances as those in larger communities with greater resources. As you may remember from the last couple of years, VTA is a non-profit organization staffed 100% by volunteers and former Special Operations Unit members and associates whose sole focus is to provide comfort and relief items for our special operators who are sick or injured, mentally or physically, because of their service to our Nation. VTA provides much-needed support to active and former members of the Special Operations community who may or may not have full assistance from other military support organizations. To do this, VTA provides scholarships, emergency relief funds, family maintenance and resilience assistance, and mental health and suicide prevention support.

This year's event is on May 11, 2023, at our home course, Old Hickory Golf Club, in Woodbridge, VA. This year will be particularly special as we work with multiple benefactors in hopes of making a difference in underserved and always worthy communities Nationwide. As the date quickly approaches, I am reminded of the liberties and benefits that we all enjoy because of the sacrifices our servicemen and women make worldwide. I am also fortunate to work closely with many of the youth that LCF has supported through the years as these kids learn and grow through the huge responsibilities that come with being a part of the agricultural, educational, and trade communities. I am grateful to see first-hand how this organization has assisted the youth to grow into hardworking, stand-up citizens, dedicated to helping grow the future of America.

Over the course of 16 years, Chenega Corporation has raised close to \$1M supporting this Invitational. This year, we aim to make it our best year yet and exceed last year's amount of \$103,000. During these stress-filled times, our continued dedication to helping our national heroes and the future of America should remain strong and on point. This event is a way for us to show our appreciation and give back to our warriors, our community, our youth, and ultimately, make a difference in the lives of those who need us most.

Here is how you can support:

1. Please consider participating in any of the available company sponsorship opportunities. Not only will you be contributing to VTA and the LCF, but you will also be promoting your organization to executives, managers, and others within the defense industry and community.
2. Please consider donating an item for our raffle. Last year we gave away fantastic prizes, including restaurant gift certificates, sports tickets, Kings Dominion passes, beer/wine tastings, and more.
3. Please join us for the tournament! We welcome you to bring a team and join us for what will assuredly be a fun day.

So once again, I'm asking you to open your hearts – and your wallets – and give often, give generously, and never forget that we would not be the Nation that we are today, without the sacrifices that our servicemen and women have made in the name of our country, as well as through the hard work and dedication that these youth have put into their work to supply our Nation with education, livestock, produce, and more. We must preserve this declining profession. We look forward to seeing you on May 11th for what will most certainly be our best tournament to date and welcome your commitment to setting a new fundraising record for this noble and worthy cause.

Cheers!

John "JC" Campagna

17TH ANNUAL

# CHENEGA INVITATIONAL

Hosted by Chenega MIOS to Support  
Vigilant Torch Association (VTA) and Los Charros Foundation (LCF)
